CHARLES HEILBORN & SON

Complete House Furnishers. 590-592 Commercial St.

FATAL CAR WRECK

Many Are Hurt and One Man is Killed.

STREET CAR TURNED OVER

Was Running at High rate of Speed and Motoneer Could Not Slack Up for a Very Sharp Curve. Stuck to His Post.

Portland, Feb. 6.—Rudolph Johnson, an employe of the Standard Box Factory, was almost instantly killed at East Gilsan and East Twenty-eighth streets this morning at 7:20 o'clock, by the overturning of a runaway car of the Portland Consolidated Railway Company, on which were about 60 passengers. Twelve sustained more or less serious injuries, and many more were slightly cut and bruised.

Coming down from Montavilla is a succession of hills for a distance of about two miles, and though none of the grades are heavy for handling electric cars, they are steep enough to cause a car to gain considerable momentum. Five blocks from Twenty-eighth street the track is on a grade that is not so heavy, beginning at the foot of one of the steeper hills. Whether or not the motorman lost control of his car or miscalculated its momentum and failed to make any effort to slacken speed for the curve is a matter of disagreement between those who witnessed the accident. One man who stood on the platform avers that no attempt was made to apply the brake.

Such was the momentum of the car and so violently did it go over sideways, that a man standing on the left side step of the front platform was hurled completely over the car, landing on the sidewalk next a yard fence.

Inside the car were about 60 passengers, the register disclosing on its dial that 66 fares had been rung up by the conductor, N. W. Jackson was the motorman and J. M. Hysmith conductor of the ill-fated car. The motorman remained at his post, and the conductor, who had just finished collecting fares, had just stepped out on the rear platform as the corner was approached. Several people were standing in the aisle of the car, and a number of men were on each of the platforms.

Screams of the injured were heard for blocks, and in affright those not seriously injured tried to extricate themselves from the car. All of the windows on the lower side of the car were shattered, the car lying almost flat on its side, pinioning two men to the ground, and several more were held fast by their clothing being caught. One man was caught in some manner by the rear door, his lower limbs being firmly gripped.

Passengers who were badly bruised, or had broken limbs, were quickly removed to hospitals. It is thought none will die, though some are badly hurt.

Worst of All Experiences. Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was marvelous. I improved at once and now I'm completely recovered. For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Chas. Rogers, druggist."

OWNERS OBDDURATE

Refuse to Treat With Striking Workmen.

GERMAN CHANCELLOR FIRM

Says If Men Return to Work He Will Open Negotiations With Them, But Takes Same Stand as the Employers.

Essen, Feb. 6.—The committee of seven today addressed a telegram to the mine owners' association politely asking for an interview for discussion on five points in the operatives' demands which the committee believe would lead to a resumption of work.

The association relied with equal politeness, declining to receive the committee, alleging that it did not represent the operatives, since it is unable to control their actions. The association stated it is willing only to discuss reasonable complaints after work is resumed.

After getting this reply, Johann Erfert, chairman of the committee of seven, telegraphed to Chancellor Von Vuelow informing him of the fruitless correspondence with the association, making certain moderate demands for operatives, and stating that work would perhaps be resumed immediately if congress commenced. The chancellor answered if work was resumed he would receive representatives of the operatives and employes for further negotiation. The committee decided it was unable to advise the miners to resume, but would leave the matter to a conference of the delegates of the whole mining district which will meet Thursday.

Beginning Early.

Honolulu, Feb. 6.—A shortage of \$27,000 has been discovered at the postoffice at Kola, on the island of Kauai. Postoffice Inspector Hare has not made any arrests yet.

SLAVONIC MEETING

Will Aid in Rebellion of Austro-Hungary.

AUSTRIAN DEPUTY'S ADDRESS

Dr. Tresica-Pavicia Would Strike a Blow Against the Government Before the 10-Year Contract Can Be Renewed by Federation.

Chicago, Feb. 6.—Chicago Slavs have organized to aid their countrymen in the revolution which they declare will come in the Austrian empire. Nearly a thousand delegates from Slav organizations were present and listened to a revolutionary address made by Dr. Ante Tresica-Pavicia, deputy to the Austrian parliament from Dalmatia. When he completed his address the preliminary organization known as the Slav Liberty Federation was announced. It is the plan to spread the organization to other American cities.

Dr. Tresica-Pavicia made an impassioned address, telling of the financial wrongs he said had been committed and making an appeal to the people present to organize to strike a blow immediately before the 10-year contract between the federated nations could be renewed.

In a summary of the situation he said:

"In my opinion Hungary came to the end of its aspirations in the election last week. The extremists in the country do not recognize this and believe they can secure more concessions from the federated nations. If they should demand more, it means the dissolution of the empire. The dissolution of Austria-Hungary means the downfall of the imperialistic politics of Hungary. While this imperialism is founded on the support of the dynasty and the army, the Magyars, the Hungarians, will lose the support of the army and of the dynasty if they clamor for more than has been granted to them. In that case all nationalities will revolt. No country in these days will aid the oppressor, Hungary."

"For these reasons I am glad that the opposition in Hungary was victorious at the polls, for every such

victory hastens the dissolution of the Austro-Hungarian empire."

GRAIN MEN MEET.

Will Canvass Subject of Railroad Rates on Grains.

New York, Feb. 6.—Commercial organizations of the Atlantic ports, as well as of the primary grain centers, whose natural outlet for export grain has heretofore been considered the Atlantic ports, will hold a conference over the railroad rate situation in the rooms of the New York Produce Exchange next Thursday.

Invitations have been sent to and accepted by most of the following organizations: Chamber of Commerce of New York, Produce exchange of New York, Board of Trade, Chicago; Chamber of Commerce, Milwaukee; Produce exchange, Toledo; Board of Trade, Detroit; Chamber of Commerce, Buffalo; Chamber of Commerce, Boston; Chamber of Commerce, Baltimore, and Commercial exchange, Philadelphia.

No definite plan of procedure has as yet been decided on and the intention is to leave the entire matter open as far as possible. Ways and means for meeting the competition of the Gulf ports will be thoroughly discussed and a future policy agreed on if possible.

GUNNER DIES.

Was Considered World's Champion Rifle Shot.

New York, Feb. 6.—Commissary Sergeant Thomas J. Dolan of the Twelfth regiment, New York national guard, who had many claims to be called the champion rifle shot of the world, is dead at his home here after five months' illness. He was 52 years old.

In 1881 Dolan won the military championship of the National Rifle association. He was one of the American team contesting for the Palma trophy in England in 1883, and made the highest score of any rifleman.

Dolan won the secretary's prize at Creedmore in 1888. In September 1896 at the tournament in Sea Girt he won the president's medal and the military championship of the United States, making 92 out of a possible 100 on a 1000-yard range. He was the author of several works on gunnery.

Dakota Nearly Finished.

San Francisco, Feb. 6.—J. D. Farrell of Seattle, president of James J. Hill's Great Northern Steamship Company, who is here on a visit with his family, says that the new steamer, the Dakota, sister ship to the Minnesota, is nearing completion in New London, Conn. She will probably be brought to this coast in July.

THE MIGHTY MONARCH OF ALL HE SURVEYS

THE UNCROWNED KING OF ALL ARTISANS.

The American workman is here in full possession of the building; altering, refitting, reconstructing a greater store for

S. DANZIGER
